● Water Extraction

We handle many types of water extraction. Anything from category 1 to category 3 water losses, commercial and residential. The staff at First Quality is certified by the I.I.C.R.C to handle these situations.

Procedures run from pad pulling, carpet removal, basing removal, injection, plated, or ducted system placement, and even top down drying. First Quality prides themselves in being one of the leading companies in pier and beam extraction and dry out.
