● Air Duct Cleaning

How often should residential HVAC systems be cleaned?

Frequency of cleaning depends on several factors, not the least of which is the preference of the home owner. Some of the things that may lead a home owner to consider more frequent cleaning include:

- Smokers in the household.
- Pets that shed high amounts of hair and dander.
- Water contamination or damage to the home or HVAC system.
- Residents with allergies or asthma who might benefit from a reduction in the amount of indoor air pollutants in the home's HVAC system.
- After home renovations or remodeling.
- Prior to occupancy of a new home.

What is the normal price range for the air duct cleaning service?

The Environmental Protection Agency says that "duct cleaning services typically - but not in cost from \$450 to \$1000 per heating and cooling system, depending on the services of of the system to be cleaned, system accessibility, climactic region, and level of contamination of duct material.
